

# ACCESSIBILITY

---

Accessibility is an important piece of the StudioGo search process. We want all users to feel welcome in their attempts of finding a space suitable for their creative projects.

StudioGo will continue to make strides forward in upgrading the way users are provided information about accessibility for a variety of locations within the StudioGo app.

---

## Levels of Accessibility

---

### **(1) Not Accessible**

There is no accessibility access

### **(2) Somewhat Accessible**

Basic measures are in place to allow access to most people

### **(3) Accessible**

Easily accessible for all trying to access the space.
